### **Environment and Energy Usage**

The Environment and Energy usage Policy of Arjun college of technology and Sciences

Hyderabad, is to optimize energy use a systematic way to minimize its impact on the environment. The policy implies to explore the renewable energy resources to find out substitute natural resources as solution to the energy crisis.

This environment and energy policy is binding for all the components of the institution and applies to all its stakeholders and to the various activities undertaken by the institution. It will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage. NSS an official platform devoted to the cause of environmental awareness, to undertake green initiatives, and to conduct green literacy programmes to save energy and to protect the environment.

#### **Policies:**

- To assess our energy usage and measure its impact on the environment.
- To count CO2 emissions generated by our means of transportations – vehicles.
- To reduce local air pollution emissions using environment-friendly vehicles, including bicycles, public transportation and use of pedestrian- friendly roads.
- To install photovoltaic solar panels for the generation of alternate energy.
- To install LED bulbs in the complete campus to save energy.
- To develop systematic waste management mechanism
- To develop rain water harvesting unit
- To undertake tree plantation drive.
- To take additional measures to continuously improve our energy consumption.
- To ensure the availability of necessary resources to achieve our objectives.
- To encourage use of advanced technology to minimize energy consumption, atmospheric emissions and noise, particularly from our vehicle fleets.
